DETAILED ACTION

Allowable Subject Matter

Claims 1-31 are allowed.

The following is an examiner's statement of reasons for allowance: the closest prior art of record, Aloni et al. (5,916,429), fail to teach the step of positioning a field-of-view of the micro-imaging system over a calibration location on the surface of interest and the focus of the system in the prior art is automatic and has no override or calibration procedures. See arguments presented by the Applicants in the Amendment filed 1/15/04. For example, page 5, paragraph 2 to page 6, paragraph 2.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
